

planetarium

AT THE STATE MUSEUM of PENNSYLVANIA

September 4 through December 12, 2010

**Saturday at
11:00 a.m. & 1:00 p.m.**

Sunday at 1:00 p.m.

Every star has a story. Some are as old as time, faint and almost forgotten. Others burn bright and end their lives in powerful explosions. New stars are created every day, born of vast clouds of gas and dust. Through every phase of their existence, stars release the energy that powers the Universe. Journey to the furthest reaches of our galaxy and experience both the awesome beauty and destructive power of STARS. Narrated by Mark Hamill

Appropriate for all audiences
Recommended for Grades 1 and up

**Saturday at
12:00 noon & 2:00 p.m.**

Sundays at 2:00 p.m.

Narrated by two-time Academy Award winner Tom Hanks, this exhilarating flight through a precise, virtual re-creation of our universe is an astounding visual adventure through space. Travel through our Solar System, out of our galaxy, and deep into intergalactic space to answer the question, "Where are we in the universe?"

Appropriate for all audiences
Recommended for Grades 3 and up

Tickets must be purchased at the Ground Floor Information Desk prior to the show.
