

We are excited here at The State Museum of Pennsylvania about **upcoming events and changes for the 2011-2012 Field Trip Season**. As the official museum of the Commonwealth, we have over 75,000 school students visiting us each school year and hope that we can count your group among them this year. We want to make sure that our valued guests are “in the know” and “up to speed” on what is happening and available here at The State Museum of Pennsylvania.

What's New!

- ◆ Arrival Schedules
- ◆ Reservation Upgrades
- ◆ New Educational Programs
- ◆ The State Museum Shop

With upgrades to our reservations system, we want to make sure that your trip planning is easy. Attached is a **.pdf file** to aid you in planning and organizing your visit to The State Museum. There is a worksheet to help you prepare all the **information you will need to register**, guidelines for planning your visit, helpful hints, and a schedule of exciting new educational programs to enhance your Field Trip.

Other changes at The State Museum include new classes, guided tours, & Planetarium upgrades. These programs will be available throughout the year at varying times. Please be aware that **space on some programs is limited** and may require a little extra planning during the reservation process.

We look forward to seeing you and your students again this year!

300 North Street, Harrisburg, Pennsylvania 17120
